

LIMO LABELS

Flexible Label Solutions

Press release - Sept. 16th, 2021

Limo Labels A/S and 4Labels A/S joining forces.

Limo Labels A/S and 4Labels A/S are very proud to announce that 4Labels A/S as of Sept. 14th, 2021, has become part of Limo Labels A/S.

Both companies are well known for their innovative spirit and level of excellence in the label industry. Together, the two companies complement each other's strengths, and bring further value to our customers.

Limo Labels A/S` portfolio of technologies includes digital, flexo and screen. By joining forces, the portfolio is now near complete by the addition of 4Labels A/S` HP Indigo digital presses and advanced post-press equipment.

The merge is already in motion and all 16 employees (including current owners), and production units will move to Limo Labels in Stevnstrup by the end of the year. Until then, both companies will continue as of today, with no impact for our valued customers and partners.

Due the merge, customers will get access to the strongest and most advanced label production setup in Northern Europe. We are very much looking forward to soon telling you more about the many, new opportunities.

If any questions, please feel free to contact at any time.

Onsild and Stevnstrup, Sept. 16th, 2021.
